

## Elementary Social Skills Group

Does your child have difficulty making and maintaining friends? Is he/she shy or slow to warm up to people? Has your child been diagnosed with Asperger's, AD/HD or ODD? Does he (she) often get into arguments with other children or with adults? Does your child have difficulty cooperating with the teacher during classroom activities? Is he (she) socially awkward, or does he (she) have trouble "reading" social cues? **Some children need a little help learning social skills!**

- Using self-control and anger management
- How to handle being teased
- How to handle children that brag

- Apologizing quickly and sincerely
- Treating others with respect
- Not talking about others behind their backs
- Creating his (her) own identity and encouraging self-improvement
- Feeling good about himself (herself) and improving their mood

### Parent Testimonial

*"I just wanted to say how amazed I've been with you social skills summer camp, and the immediate results I've seen in E. Really, I wasn't sure what to expect since we'd never done this type of class before, but she's been super excited after each sessions. I've seen a real improvement in her manners, her ability to handle frustrating situations without losing her cool, and with accepting "no" for an answer. With the dramatic improvement I've seen in her coping skills, I will do whatever it takes to keep her in social skills classes this fall. This is truly an investment that is showing immediate and drastic results!"*
