Agreement

Thank you for sharing your child or teen with us! We're excited to get to know your family. Please read through the important information and sign/date below.

All group members are required to complete a parent-child consult. The standard 30 minute parent-child consult allows us to obtain more detailed background information and goals for your child. A 45-minute parent-child consult is also available and encouraged if you are considering other services, or want to ensure you have ample time to discuss your concerns/ goals. As you will have the opportunity to meet with one of our providers and receive recommendations, **this fee is non-refundable, even in the event a group is cancelled.**

A deposit is required to reserve your child's spot in a group. The deposit covers the first class. **This fee is non-refundable.** There are no exceptions unless we cancel a group due a low number of participants. In such a circumstance, the fee for the first night of group (not the consult) will be refunded or you can apply as a credit to other services at WFP. A 10% discount is available to those who pay in full for all weekly sessions. **Please note that advanced payments are non-refundable.** If you are paying weekly, WFP has a 48 hour cancellation policy. Therefore, please let the office know if your child will be unable to attend at least 48 hours prior to the group session in advance in order to avoid the weekly group fee.

Also note there are no "guarantees" as to a certain number of participants, ages of participants, or number of boys versus girls. We find a child can be successful in our social skills group or camp, even if the participants have different disorders or difficulties, are older/younger, or higher/lower functioning. One aspect that makes our groups successful is that children and teens with strengths in a particular area can model their skills and provide a positive example for kids who might be struggling with similar skills. (And it's always a thrill for us when group participants become friends and socialize outside of the group.) That said, we do screen participants to make sure they are a proper fit for a group/camp.

Warning: If your child is socially awkward or anxious, he/she may insist on NOT coming (or coming back) to the group or camp. Our groups/camps encourage your child to confront his or her social fears, which can be anxiety-provoking. Please commit to bringing your child to all sessions so that he/she can get the most out of them and maximize success. A critical component in conquering fears is to face them "head on."

Please encourage your child to do his or her "homework." This helps generalize the skills outside of the group even more quickly.
